Seatbelt Installation

(22)

(23)

(24)
Do not use this car seat in seating positions where the frontal airbag is activated.
Notice:
1. This is an "i-Size" Child Restraint System. It is approved to Regulation No.129, for use in "i-Size compatible" vehicle seating positions as indicated by vehicle manufacturers in the vehicle users' manual.
2. If in doubt, consult either the child restraint manufacturer or the retailer.

Warning:
1. Any straps holding the restraint to the vehicle must be tight, any support-leg must be in contact with the vehicle floor, any straps restraining the child must be adjusted to the child's body, and the straps should not be twisted;
2. The rigid items and plastic parts of a child restraint must be located and installed so that they are not liable to become trapped by a movable seat or in a door of the vehicle during everyday use.
3. Do not use in seating positions where an active frontal airbag is installed.
4. The device must be changed when it has been subject to violent stresses in an accident.
5. It is dangerous to make any alterations or additions to the device without the approval of the Type Approval Authority, and a danger not to follow the installation instructions provided by the child restraint manufacturer.
6. Children should not be left in the child restraint system unattended.
7. Any luggage or other objects liable to cause injuries in the event of a collision must be properly secured.
8. The child restraint shall not be used without the cover.
9. The seat cover should not be replaced with any other cover than the one recommended by the manufacturer. The cover is an integral part of the restraint performance.
10. Please check your vehicle manufacturer's handbook before use.
11. The instruction manual must be kept in the location shown in Picture 2 while the infant car seat is in use.
12. It is dangerous to use the car seat on an elevated surface, e.g. a table.
13. This car seat is not intended for prolonged periods of sleeping.
14. Please stop using the car seat once your baby is able to sit by themselves.
15. Take the child out of the car seat as often as possible in order to relieve pressure from their spine.

16. Please contact the distributor or manufacturer to replace or supplement any components that may have been missing or have been damaged.

**IMPORTANT**

**KEEP FOR FUTURE REFERENCE**

**Adjustment:**

1. To adjust the carry handle, press the buttons on either side of the seat (1) shown in Picture 4, while moving the handle into the desired position. The carry handle can be locked in 3 positions:
   - A: Upright - to be used when in the vehicle or when carrying the car seat by hand.
   - B: Locked - to be used to lock the car seat onto the chassis.
   - C: Reclined - to be used when putting a child into the car seat.

2. Loosen shoulder belts by pressing the Centre function adjustment button and simultaneously pulling both shoulder belts up (Picture 5).

3. To adjust the headrest and shoulder rest, open the manual box under the central belt guide (Picture 6). Pull the grey button (1) towards you and move into the desired position (Picture 7). There are 6 positions, and the headrest must be the same height as the child's shoulder (Picture 8).

**Installing the car seat with ISOFIX base:**

1. Loosen shoulder belts by pressing the Centre function adjustment button and simultaneously pulling both shoulder belts up (Picture 9).

2. Put the child into the seat and place shoulder belt directly over the child's shoulders, ensuring the shoulder belts are not twisted. Place both buckle tongues together and lock them in place in belt buckle with an audible "CLICK" (Picture 10). Pull carefully on central adjustment belt in order to tighten shoulder belts until they fit snugly (Picture 11).

3. Unfold the sun canopy by pulling on the plastic cover. To fold up, push the sun canopy back to the start position.

4. To install the Isofix Base, first pull up the grey button (1) and push the support leg inwards to lengthen the Isofix connectors at the rear of the base (Picture 12).

5. Firmly push the Isofix connectors onto the cars ISOFIX anchors. When secured, the indicator color on the ISOFIX connector will turn from orange to green (Picture 13/14).

6. Push the base towards the vehicle car seat to ensure it is as close to the car seat's backrest as possible.

7. Push the buttons (1) on the support leg away from you while moving the lower half of the support leg so that the bottom of the leg touches the floor of the car foot well. When in place, the indicator located at the bottom of the support leg will turn from orange to green (Picture 15/16).

8. Slide the car seat onto the base (Picture 17). When the car seat is secured to the base, the indicator color turn from orange to green (Picture 18).
Uninstallation of the carrier and base
1. To remove the car seat from the base, press the Release button while lifting the car seat by the handle.
2. To remove the base, pull the two orange buttons (1) towards you (Picture 21) to release the two ISOFIX connectors from the vehicle anchors.
3. Pull up the latch and push the support leg inwards (Picture 20).

Installing the car seat with vehicle seat belt
1. Place the infant car seat onto the vehicle seat, facing the rear of the vehicle. The seat is not suitable for use with a two-pointed or lap seatbelt. Securing with a two-point seatbelt could result in serious or fatal injuries to the child in the event of an accident.
2. Loosen shoulder belts by pressing the Centre function adjustment button and simultaneously pulling both shoulder belts up. (Picture 9)
3. Put your child into the child seat, place shoulder belt directly over your child’s shoulders and ensure the shoulder belts are not twisted. Place both buckle tongues together and lock them in place in belt buckle with an audible “CLICK” (Picture 10). Pull carefully on the central adjustment belt in order to tighten shoulder belts until they fit snugly (Picture 11).
4. Unfold the sun canopy by pulling on the plastic cover. To fold up, push the sun canopy back to the start position.
5. Pull out the vehicle seatbelt and feed it over the infant car seat. Ensure the lap belt is secured through the two side webbing guides (1) on the front of the infant car seat, and the shoulder belt is secured through the blue central belt guide (3) on the back. Lock the buckle tongue in place in vehicle seatbelt (Picture 22/23/24).

Warning: If the buckle of the vehicle seat belt (2) is too close to the infant car seat, the infant car seat will not be fastened securely. In the event of this happening, choose another seat in the vehicle for the infant car seat.

Cleaning
The cover and the belt can be cleaned with a clean cloth and some lukewarm soapy water. The plastic parts can be cleaned with a mild detergent and warm water.
Warranty
We guarantee that this product was manufactured in accordance with the current European safety requirements and quality standards applicable to this product, and is free from defects in workmanship and material at the time of purchase. During the production process the product was subjected to various quality checks.

If this product, despite our best efforts, shows a material/manufacturing fault within the warranty period, (with normal use as described in the user instructions) we will comply with the warranty terms and conditions. In this case please contact your reseller.

Warranty Term:
The warranty applies for a period of 24 consecutive months from the date the product was purchased. The warranty only applies for the first owner and is not transferrable.

Free 4 Year Extended Warranty
To activate your 4 year warranty, register online and keep your proof of purchase for any future claim. If you register within 28 days of purchase we will extend your standard warranty to 4 years from the date of purchase at no extra cost.

THE WARRANTY IS NOT VALID IN THE FOLLOWING CASES:

1. In the case of a use or purpose other than described in the manual.
2. If the product is submitted for repair through a dealer that is not authorised by us.
3. If the product is not supplied to the manufacturer with the original purchase receipt (via the retailer).
4. If repairs were carried out by third parties or a dealer that is not authorised by us.
5. If the defect is the result of improper or careless use or maintenance, negligence or impact damage to the fabric cover and/or frame.
6. If the parts show normal wear and tear that may be expected from daily use of a product (wheels, rotating and moving parts etc.)

If in Doubt
Not all car seats fit all cars. For advice as to the suitability of this restraint for your car, please contact your vehicle manufacturer.
We cannot accept responsibility for damage occurring to vehicle seats or seat belts through normal use of this product.
